

REMARKS

The claims are being amended herein to place them more fully in U.S. format.

Support for the amendment to claim 10 to recited primer pairs may be found in the specification, such as at pages 15-18 where the primer pairs used to amplify each of the exons are shown.

New claims 12 and 13 find support in pending claims 2 and 3, and in the example provided in the specification at pages 18 and 19.

No new matter has been added. Entry and consideration of this Amendment are respectfully requested.

Respectfully submitted,
